- Full Stack Web Development Course

# Parag Raghunath Patil

## Full Stack Web Developer

### PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer skilled in MERN stack, possessing strong expertise in JavaScript, Node.js, and React.js. Proficient in crafting efficient server-side APIs and scalable web applications. Enthusiastic about leveraging Generative AI and rapidly adopting new technologies to enhance development processes.

### WORK EXPERIENCE

#### Nirmaan Orgnization

Full Stack Developer | October 2022 - January 2025

#### Job responsibilities:

- Successfully completed two comprehensive projects from start to finish, demonstrating proficiency in both frontend and backend technologies.
- Provided extensive support and collaborated with multiple teams, enhancing overall project efficiency and development workflows.

### PROJECTS

#### 1. Swasha (E-commerce) | 🌐

Node.js | Express.js | Redux | React | JavaScript | MongoDB | Tailwind CSS |  
RESTful APIs | Responsive Web Design

- Developed frontend and backend using MERN stack.
- Implemented RESTful APIs and database management with MongoDB.
- Ensured seamless integration between frontend and backend.
- Played a key role in authentication and user interface development.

#### 2. Shiksha LMS | 🌐

JavaScript | React | HTML5 | CSS3 | Responsive Web Design | PHP | MySQL |  
Keycloak

- Led end-to-end development including student and admin sides.
- Developed responsive frontend using React, HTML, CSS.
- Managed user authentication and admin panel integration.
- Implemented progress tracker and SSO for user experience.

#### 3. Nirmaan Skills | 🌐

HTML5 | PHP | MySQL | Bootstrap CSS

- Developed and maintained the full frontend and backend of the Nirmaan Skills portal, ensuring seamless user experience.
- Implemented robust user authentication and authorization features to secure the platform.
- Designed and optimized database structure using MySQL to enhance data retrieval and storage efficiency.
- Created APIs using PHP for seamless data exchange between the frontend and backend.
